## 2 About This Programme

The **Professional Certificate in Python Programming** is an intensive, industry-aligned programme designed to equip learners with practical Python skills from fundamentals to applied machine learning and automation.

Whether you are a fresh graduate, working professional, or career changer, this bilingual programme (English & Tamil) is structured to be accessible, hands-on, and career-ready from day one. You will work on real-world projects, build a professional portfolio, and graduate with skills that are in high demand across Sri Lanka, the Gulf region, and global freelance markets.

Classes are held online, twice a week in the evenings — designed to fit around your existing commitments. All sessions are recorded for flexible access.
